Re: *Safety Light Corporation Superfund Site
Bloomsburg, Pennsylvania
CERCLA 104(e) Requests*

Dear Mr. Steinmetz:

This letter concerns the United States Environmental Protection Agency's (EPA) CERCLA 104(e) requests for information ("104(e) Requests") pertaining to the Safety Light Corporation Superfund Site. We received the 104(e) Requests via certified mail on September 4, 2012. We are in the process of reviewing the 104(e) Requests and are promptly undertaking efforts to locate and identify any corporate records that may be responsive.

Because EPA's 104(e) Requests cover a period of time exceeding sixty (60) years, we are respectfully requesting a thirty (31) day extension, until Monday, December 3, 2012 to produce written responses and any documents to the 104(e) Request. This is in addition to the verbal approval of a thirty (30) day extension, until Wednesday, November 2, 2012 that you provided via our phone conversation yesterday.

We sincerely appreciate your consideration of this matter.

Very truly yours,

Tony King
President

Figure 1 consists of three parts labeled (a), (b), and (c). Each part shows a sequence of stimuli. Part (a) shows a fixation cross, followed by a target stimulus (a 3x3 grid of dots), and then a response stimulus (a 3x3 grid of dots with one dot missing). Part (b) shows a fixation cross, followed by a target stimulus (a 3x3 grid of dots), and then a response stimulus (a 3x3 grid of dots with one dot missing). Part (c) shows a fixation cross, followed by a target stimulus (a 3x3 grid of dots), and then a response stimulus (a 3x3 grid of dots with one dot missing).
